

# GILLETT PUTS BAN ON BIG PRIZE FIGHT.

## STOP THIS DISGRACE, ORDERS GOVERNOR.

Instructs the Attorney-General to Prevent the Jeffries-Johnson Battle.

Directs That Necessary Legal Steps Be Taken Immediately—Suggests Opinion by Supreme Court Defining Prize Fights Be Secured—News Causes Uproar in Fighters' Camps—Promoters Considering Shift.

**(ASSOCIATED PRESS NIGHT REPORT.)**  
SAN FRANCISCO, June 15.—In consideration of instant protests from all parts of the State, Gov. Gillett took steps today to prevent the championship fight between James J. Jeffries and Jack Johnson, scheduled to be held in this city July 4.

In a letter of instruction to Atty.-Gen. Webb, the Governor expresses his disapproval of prize fighting in unmeasured terms, directs that the aid of the courts be invoked to prevent the match and concludes with a positive order that in case the plea for a restraining order is granted and the fight is carried out, the Attorney-General proceed to gather evidence and prosecute the principals and those interested in the fight for violation of the Penal Code of the State.

The letter declares that the Supreme Court of California has never defined a prize fight and suggests that an opportunity be given it to do so. This is taken to indicate the Governor's intention to press his opposition to the fight and while the status of the Jeffries-Johnson fight is in an unsettled condition tonight, the sporting fraternity is much cast down and it is generally believed that the death knell of prize-fighting in California, the "mecca of prize fighters," according to the Governor's letter, has been sounded.

This is borne out by the fact that the Governor telegraphed to Gen. Webb later in the day, to take similar action in the matter of the fight between Sam Langford and Al Kaufman, which was to have been fought here next Saturday.

**PROMOTERS SURPRISED.**  
Promoters Rickard and Gleason of the big fight were completely taken by surprise. They had no whisper of the Governor's intended action until the letter was published. When the news reached him Rickard rushed to the office of Gen. Webb and asked what that official proposed to do. After a conference with Webb, Rickard said that he believed the fight would be held in San Francisco and on the advertised date despite the Governor's orders.

He said that he could not say positively what he would do until Webb decided down an opinion. Yet Rickard has no intention of abandoning the effort to hold the fight here.

Both he and Gleason devoted much time today to conferences with their attorney, Herbert Choyne. Whatever the course of legal defense decided upon, it will probably not be given out until Atty.-Gen. Webb has made a statement.

Rickard said that Webb had promised him, because of the great expense under which the promoters have been in erecting the arena and other matters connected with the fight, that his opinion would be forthcoming within a few days. In the meantime, he said, he was ready to take the fight to Nevada or Utah if compelled to do so, and expressed a preference in favor of Salt Lake.

Jack Gleason expressed the opinion

who yesterday announced that California's laws will be enforced and that the big fight scheduled for July 4 at San Francisco will not be allowed. Atty.-Gen. Webb, after reading Gov. Gillett's orders to him, expressed himself in full agreement with the Governor's views.

## FAIR PROSPECTS WERE MENACED.

REASON ADVANCED FOR FORBIDDING FIGHT.

Representative Bennett in Telegram Expressed View That If Mill Was Allowed Congress Might Take Unfavorable Action Regarding San Francisco as Place for Exposition.

**(ASSOCIATED PRESS NIGHT REPORT.)**  
WASHINGTON, June 15.—The move of the State authorities of California to stop the Jeffries-Johnson prize fight is believed in Washington to have had its origin in a telegram Representative Bennett (Republican) of New York sent to William R. Wheeler, president of the San Francisco Chamber of Commerce, on May 28.

The telegram was to the effect that the moral sentiment of the country was so opposed to the fight that, unless it was prevented, there was grave danger that Congress would take unfavorable action on the resolution now before it naming San Francisco as the place for holding the international celebration of the opening of the Panama Canal.

Mr. Bennett is a member of the Foreign Affairs Committee of the House that has the exposition resolution under consideration. He recently received a telegram from San Francisco asking his support of the resolution for the San Francisco fair. He replied as above.

When informed today that Gov. Gillett had moved to call off the fight, Mr. Bennett was much gratified. He said:

"Prize fighting is prohibited by law in my State, and in most States. The sentiment of the country is, I believe, strongly opposed to such exhibitions." In response to his telegram, Mr. Bennett received one from Mr. Wheeler, which said:

"Please urge your committee that the public-spirited citizens promoting the San Francisco exposition, and people generally interested therein, are not favorable to the Jeffries-Johnson fight. Undoubtedly the majority of our people are opposed to the fight. It would be decidedly unwise to consider the latter proposition in connection with the former."

The Foreign Affairs Committee will consider tomorrow the resolutions of San Francisco and New Orleans, asking for recognition for their proposed expositions.

In view of the action of the California authorities on the proposed prize fight, it is understood Mr. Bennett will favor San Francisco as against New Orleans for the exposition.

**ANGELENO WEDS ST. LOUIS.**  
ST. LOUIS, June 15.—[Exclusive Dispatch.] Mrs. Cora C. Coxwell and Frank Wells Lehniger of Los Angeles were married today at the residence of Mr. and Mrs. C. L. Allen of No. 1277 Clemens avenue, cousins of the bride.

## MUM'S THE T.R. WORD

Roosevelt Will Not Talk for Months

Sends Word by Wireless Begging People to Quit Sending Messages.

Three Operators Working on Telegrams Exclusively for ex-President.

Plans for Reception Nearly Complete—President Tag's Greeting.

**(ASSOCIATED PRESS NIGHT REPORT.)**

ON BOARD KAISERIN AUGUSTE VICTORIA, by wireless to Camp Racer, N. Y. June 15.—Col. Roosevelt heavily and he is compelled to talk to him that he should decline to discuss politics or to make speeches anywhere until two months after his arrival in the United States. He will make this plain, immediately he lands, by a further statement of his attitude.

Roosevelt appeals to the public to refrain from sending him any but important messages. Three wireless operators on board are engaged constantly in handling Roosevelt messages. The replies to these messages are sent back by a further statement of his attitude.

This steamer entered the American zone of wireless telegraphy today. At noon the vessel was 1145 miles east of Sandy Hook. She should be off the Hook at 8:30 o'clock tomorrow morning and dock about 11 o'clock.

## FROM ALL DIRECTIONS ROUGH RIDERS GATHER.

BY A. M. EVANS.

**(BY DIRECT WIRE TO THE TIMES.)**  
NEW YORK, June 15.—[Exclusive Dispatch.] From all points of the compass the Rough Riders are assembling to act as an escort of honor to Col. Roosevelt, in the land parade Saturday, and from the moment the former President puts his foot on his native soil at the Battery until he takes a train for Oyster Bay, he will be surrounded by the men who helped in the charge up San Juan Hill.

At least 40 of the hard-riding cavalrymen are expected to be on hand to greet their old commander, and their presence is to be one of the many features of the "welcome home" festivities.

Col. Alexander O. Brodie, who, as Major in the Rough Riders' regiment, shared in the honors of San Juan Hill, arrived today, in company with John C. Greenway of Duluth, said by the committee on arrangements to be the only Rough Rider now living in the State of Minnesota.

**OLD BATTLE FLAGS IN LINE.**  
"We'll try to make the Colonel proud of us," said Col. Brodie tonight at the Buckingham Hotel, which has been made headquarters for the former President's regiment. "We will have the old battle flags with us, but as to the old uniforms, well, I guess there isn't enough of them left to make a showing in the parade. They've been worn out long ago, and on Saturday most of the men will wear new uniforms with brass buttons made especially for the occasion."

The Roosevelt Rough Riders will be under command of Charles D. Drake, of Oklahoma City. Among those who will be here are Ben H. Colbert of Tishomingo, Okla., the Chickasaw Indian Rough Rider; United States Marshal Chris Madson of Guthrie, Tex.; Sloan Simpson of Dallas, Tex.; Rev. Henry Brown, the "Fighting Chaplain" of the regiment, who has come from Panama especially for the occasion, and scores of others.

Three honorary regimental members are also to take part in the parade, Lieut. Gen. S. B. M. Young, U.S.A., retired, of Washington; Brig. Gen. Samuel S. Sumner, U.S.A., retired, of Syracuse, and Brig. Gen. Charles Cooper of Philadelphia.

As the day of the landing approaches it becomes more and more evident that Saturday's demonstration will be one of the greatest ever seen in Gotham.

**WATER PARADE IMPOSING.**  
In the water parade, every vessel on the river will be crowded with sightseers. For days past it has been next to impossible to find a boat that has not been chartered for Saturday. From tags to naphtha launches they have all been engaged. The formation of the land parade, which will start immediately after Mr. Roosevelt responds to address of welcome from Mayor Gaynor at the Battery, was announced today as follows:

Escort of mounted police. Seventh Regiment band. Rough Riders' escort of honor. Col. Roosevelt in open baronessa. Reception Committee in carriages. Squadron A band. Spanish War Veteran Corps 2008 strong.

### WHEAT INJURED BY HOT WINDS.

WASHINGTON FARMERS WILL LOSE MILLIONS.

Rain is Prayed for With Little Hope for Relief—Reports Very Discouraging—Warehouses Men Predict Great Losses—State Will Get Thirty Millions for Fruit Crop.

### CALAMITOUS.

TACOMA (Wash.) June 15.—[Exclusive Dispatch.] Washington farmers, who have lost half their wheat crop from dry weather and hot winds during the last two weeks, have sustained a loss of from \$10,000,000 to \$15,000,000. The damage extends over the three big grain districts, Walla Walla, Palouse and Big Bend, comprising twelve Eastern Washington counties; also over Unalakleet, Or., and the Potlatch district of Western Idaho.

A letter received today from a warehouse man at Kahlottus, Adams county, who operates a line of six grain warehouses east of here, says:

"Crop conditions are looking rather gloomy. At best there will not be much more than half a crop in Eastern Washington, and unless there is rain in a few days, even that may be cut out."

Another warehouse man, writing from Connell, Adams county, says:

"Wheat is burning very badly and if we do not get a bit of rain this week the quantity will be very small and the spring wheat will not now pay for harvesting."

From Douglas county, in the Big Bend country, word comes that the crop is already practically destroyed from dry weather. There has been no rain to speak of there since May 15. The weather bureau says there is no indication of rain. On the contrary, reports indicate it will be hot tomorrow all over the state, with prospects of wind. Producers have some consolation in the fact that a record fruit crop will bring \$30,000,000 into the state this fall.

### GRAVE CHARGES AT SEATTLE.

(ASSOCIATED PRESS NIGHT REPORT.)

SEATTLE, June 15.—A court martial assembled at Fort Lawton today to try Lieut.-Col. Cooke, U.S.A. (retired), formerly commanding officer of the 1st Cavalry, Alaska, on charges, the principal one being that he did not use proper precautions caring for the money under his command at Fort Gibbon, with the result that nearly \$11,000 was stolen from paymaster's safe. The money missed in January, 1909, and Private Lang, the paymaster's clerk, disappeared at the same time. Col. Cooke is also charged with using government transportation for private car and with borrowing money from enlisted men.

### SPURNED WIFE COMES TO ALI.

Attorney Charles E. George is Asst. in Trouble Over Note in Oregon Remarkable.

(BY DIRECT WIRE TO THE TIMES.)

TACOMA, June 15.—[Exclusive Dispatch.] Attorney Charles E. George, who has been married for five years to a different woman, with one wife and another woman waiting to marry him, is still guided by his lucky star. Last month he was hailed to Gold Dale charged with forging a \$300 check, which was later found to be a forgery. After George arrived at Gold Dale, his charge was dismissed as new information filed charging him and George jointly with conspiracy to defraud.

Wade is alleged to have defrauded George of a separate note, which was granted. He then fled to Tacoma, where Judge McKim took under advisement until September term. Frank Egan, White Salmon, the prosecuting witness requested the court to dismiss the case against George, being unable to show that George was connected with the transaction. This also was under advisement.

Assistance was rendered George by L. A. Austrian, George, whom originally asserted brought about his arrest. She is the alleged wife of George, and she is now married to a man named Jensen, who is now in the New York City penitentiary.

### WINE MEN PLEAS.

(BY DIRECT WIRE TO THE TIMES.)

STOCKTON, June 15.—[Exclusive Dispatch.] According to prominent business men in Lodi, the contract for the construction of the Golden West winery in that city will be let in a few days, and work on the big building will begin immediately. The promoters of the new wine plant wish to have it in readiness to handle the grapes this season, and they declare they will produce at least 1,000,000 gallons of wine this year, and greatly increase the capacity next season.

C. A. Heinrich of Oakland is interested in the winery, and is expected to arrive in Lodi in the next few days to make that city his home. Some days ago an effort was made to purchase the winery at \$10 per acre, but he could not come to terms. Then it was decided to erect an entire new plant as soon as material could be secured. It is reported that the company will contract for grapes at \$10 per ton for the next fifteen years, providing the growers will take long-term agreements. The vineyardists are greatly pleased over having the new winery built.

### MILK MEN SKIM PROFITS.

California Dairymen Enjoy Prosperous Season, Demand for Profits Exceeding Supply.

(BY DIRECT WIRE TO THE TIMES.)

STOCKTON, June 15.—[Exclusive Dispatch.] The demand for cream the past three months has exceeded all previous records by far and resulted in a shortage of first-class butter in the San Joaquin Valley. Orders for cream have been pouring in from San Francisco, Los Angeles and other western points, and the dairymen have secured such good figures that many of them have stopped shipping to creameries or having their cream turned into butter. This has caused quite an increase in the price of creamery butter.

Grocers who have been in the habit of making contracts early each summer for their winter supply of butter, both creamery and storage, cannot get a firm in San Francisco or about the bay to give them figures. They are informed that the supply is so short that no agreements will be made even a month or two ahead.

Those who have been closely following the situation declare that the only remedy is in the planting of more alfalfa or other dairy food products. Land suitable for alfalfa is steadily increasing in value and will soon be very high.

## DARKNESS OVERTAKES MARS IN FLIGHT ACROSS KANSAS.

[ASSOCIATED PRESS NIGHT REPORT.]  
TOPEKA (Kan.) June 15.—At 8 o'clock tonight, J. C. Mars, the aviator, abandoned his Topeka-Kansas City flight for the day at Bismarck, a small town near North Lawrence.  
At 7:47 o'clock he made three attempts to resume his flight at Midland, near Bismarck, but his engine was not working properly and darkness compelled him to give up the attempt after the third trial.  
Whether he continues his flight tomorrow, he says, depends on whether the offer of the \$5000 prize still holds good.  
At 1:30 o'clock Mars arrived at Lawrence and went to a hotel to rest, leaving his aeroplane at Midland, two miles west.  
Mars left Topeka at 5:14 o'clock this morning. Treacherous winds and a defective engine forced him to descend near Grantville, six miles from Topeka, again. He then flew fourteen miles from Topeka, and the third time at Midland. The wind was high when Mars landed for the third time, and it was then he quit.

## TOURISTS HAVE GRUELLING TRIP.

FEW GLIDDEN ASPIRANTS HAVE CLEAN SLATES.  
Swollen Streams and Quicksands Make Going Difficult Between Louisville and Nashville—Tire Trouble Causes Delays—Alabama Town Is Next Station.  
[BY DIRECT WIRE TO THE TIMES.]  
NASHVILLE (Tenn.) June 15.—[Exclusive Dispatch.] The Glidden tour arrived here tonight, after a gruelling trip. Old-timers who have attended all previous tours cannot recall a day when the going was as hard to negotiate as the 195 miles today, or when the cars and passengers received such a severe pounding.  
A number of the contesting cars will receive penalties resulting from the run, but they will not be announced until tomorrow as some of the officials arrived too late to give the commitment time to make up the score.  
The probabilities are that the only cars which will retain perfect scores are two Chalmers and two Premiers, contestants for the Glidden cup, and the three Moines entered for the Chicago cup.  
The only pleasing feature of today's run was the scenery. Throughout the country traveled the scenic views were largely beyond Louisville and Bowling Green, were almost impassable. The rock-studded road led through heavy woods and through streams, which in most localities would be designated as rivers. It was exceptionally taxing on the tires, and many of the delays were caused by punctures and blow-outs.  
The No. 4 Chalmers, driven by Joe Matson, and the Hailday press cars were the only ones to figure in mishaps. The Chalmers car ran into a bed of quicksand near Green River, and sank to the running board. It was impossible to extricate the car until a cutting press machine came to the rescue and pulled them out with block and tackle.  
The motor car took the tourists to Sheffield, Ala., a distance of 119 miles. The running time will be six hours.

## AMATEUR DEFINED. A.A.A. MAKES RULING.

[ASSOCIATED PRESS NIGHT REPORT.]  
NEW YORK, June 15.—The definition of an amateur automobile driver has been officially determined by the contest board of the American Automobile Association. There has hitherto been considerable controversy over this point.  
According to the ruling, an amateur is a man who has never driven or owned a motor car as a result of racing or driving, or as a demonstrator or tester. He must not have received "financial reward for engaging in competition," he must not be actively engaged in the automobile, or accessories, business.  
He must have never been declared a professional by the governing board. The acceptance of traveling, hotel or other expenses in connection with a contest will be considered a violation of the rules.

## GRAVESEND RESULTS. FOOTPRINT TAKES TREMONT.

[ASSOCIATED PRESS NIGHT REPORT.]  
GRAVESEND, June 15.—August Belmont's Footprint easily won the Tremont race for three-year-olds. Gravesend today, featuring a good field of colts. The race was worth about \$6000 to the winner. Results:  
Five and a half furlongs: War Jig won, Ladasette second, Fair Mias third; time 1:08 1/4.  
Mile and three-sixteenths: Fashion Plate won, Fauntleroy second, Pretend third; time 2:00. Only three starters.  
About six furlongs: Footprint won, Blackfoot second, Babler third; time 1:11 1/4.  
Mile and a sixteenth: Quantic won, Lad of Langdon second, Sir Clages third; time 1:48 1/4.  
About six furlongs: Sir Johnson won, Restigouche second, Shannon third; time 1:10.

## LATONIA RESULTS. BELLE CLEM COMES THROUGH.

[ASSOCIATED PRESS NIGHT REPORT.]  
LATONIA, June 15.—Belle Clem's victory in the selling event at one mile was the feature today at Latonia. The course was fast and good time was recorded. Results:  
Five furlongs: Ormican won, Evia second, Rue third; time 1:01 3/4.  
Six furlongs: Sigro won, Harvel second, Chief Hayes third; time 1:14 1/2.  
Six furlongs: Ben Double won, Madman second, Friend Harry third; time 1:10.  
Mile: Belle Clem won, Tom Hayward second, Reluif third; time 1:39 4/5.  
Four and a half furlongs: Ben Prior won, Eastern Star second, Mockler third; time 1:23 4/5.  
Mile and 70 yards: Molesey won, Tom Higee second, Leannance third; time 1:44.

Governor Signs Bills.  
The governor today signed a number of bills, including one for the relief of the Southern Pacific, and another for the relief of the Southern Railway.

## Supreme road ability with the smallest tire and operating expense are combined in Franklin Model D

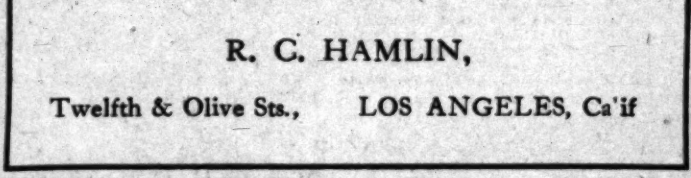

A five-passenger touring car, light and resilient, it offers luxury and comfort for the country road, beauty of line and ease of control for city use. Always powerful, always efficient, it is the ideal car for business and for the family.

Model D made and holds the Chicago-New York record of 39 hours, 53 minutes. Other automobiles have failed to cover the distance in less than fifty hours. Only touring efficiency of the highest type could make such a record possible.

Model D weighs a third less than the ordinary five-passenger touring car. The operating cost is lower, and the repair charges are less. The reliability of the automobile as a whole is on the highest plane.

Model D has tires 36 inches by 4 1/4 inches. Other motor cars of its type have tires 34 inches by 4 inches. On an automobile of the same weight the larger tires would give double the service of the smaller. On an automobile of a third less weight and of extremely resilient construction they give four and five times the service.

Model D has no superior in comfort. Full-elliptic springs and wood chassis frame give it an ease of riding unknown to those not familiar with Franklin design. Road shocks are absorbed—not transmitted to the passenger. In comfort, reliability and economy of operation it is supreme.

Model D is furnished in touring car form, with a rumble seat, with close-coupled or survey type of body. It meets every motoring need.

## Supreme road ability with the smallest tire and operating expense are combined in Franklin Model D

A five-passenger touring car, light and resilient, it offers luxury and comfort for the country road, beauty of line and ease of control for city use. Always powerful, always efficient, it is the ideal car for business and for the family.

Model D made and holds the Chicago-New York record of 39 hours, 53 minutes. Other automobiles have failed to cover the distance in less than fifty hours. Only touring efficiency of the highest type could make such a record possible.

Model D weighs a third less than the ordinary five-passenger touring car. The operating cost is lower, and the repair charges are less. The reliability of the automobile as a whole is on the highest plane.

**She Will Wear Dress of White Duchess Satin Made in Empire Fashion When Wedded to Theodore Roosevelt, Jr.—Beautiful Gowns for Bridesmaids—Almost Completed.**

**NEW YORK, June 15.—(Exclusive Dispatch.)** That every detail of the costly trousseau being made for Miss Eleanor B. Alexander's wedding to Theodore Roosevelt, Jr., is almost finished at the Dunstan establishment, No. 28 West Thirty-fourth street, became known today through efforts of a reporter, who was enabled to get the first and exclusive account of the gown and the bridesmaids' dresses.

The gown is of white duchess satin and is made in Empire fashion, with a drapery of silk maline that falls from the tiny bodice and tapers to the edge of the skirt, where it is caught in front with a large bunch of white orange blossoms.

A voluminous train of white, edged with rows of pearls of old ivory Valenciennes lace, outlined with orange blossoms, protrudes from beneath the flowing maline drapery.

The bodice has a yoke and high collar of Valenciennes lace. The quarter-length sleeves of white maline, artistically caught here and there, finishes the costume. The bride will wear a Brussels net well sprinkled with orange blossoms.

The six bridesmaids' frocks of exquisite white chiffon over silk are light-fitting with puffed panels down the front, decorated with pink and light blue wild flowers.

The chiffon drapery corresponds to the drapery on the bride's gown with the exception that it is caught at the side with bows of pale blue ribbon from beneath which sweeps forth three rows of shirred Valenciennes lace.

French hats, trimmed with touches of light blue and pink, correspond with the dainty little frocks.

The bride will carry a huge shower bouquet of white orange blossoms and the bouquets of the bridesmaids will harmonize with their attire.

The lace with which the bride's gown is trimmed are heirlooms, but the rest of the material in the bride's and bridesmaids' costumes were imported for the occasion.

**ST. LOUIS, June 15.—(Exclusive Dispatch.)** Torn with jealousy, Ruth Smith, 15 years old, followed her fiancé to his trysting place tonight on the bank of the Mississippi River, and, finding him with another girl, ran across the gang plank on an excursion boat, and, with the cry, "Good-by, everybody!" jumped into the water.

Edward H. Schaeffer, steward at the South Broadway Club, the girl's father, was arrested and locked up. Later he was released, and "suicide" was marked on the police blotter.

The young woman's body floated out of sight in the darkness, as the excursion boat steamed away from the wharf. It was just ready to depart, and the deck hands were about to pull the gang plank in when Miss Smith leaped into the river. Her body has not been recovered. Miss Smith boxed Schaeffer's jaws just before she ran onto the gang plank.

**JEWELRY IS GONE.**

In the absence of Miss V. Rohr, who occupies Room 31 at the Granada, No. 419 South Grand avenue, Tuesday, a pass key thief stole the jewelry which she had left on the bureau. Among the articles reported to the police department as missing, are a breastpin with a topaz and ruby setting, two rings, two stick pins and a bangle.

# Bring five dollars this morning and join the Fitzgerald piano club

If you come down town this morning, come in and join the Fitzgerald piano club.

Come in, anyway, and look at the piano—and hear it. If you think well enough of it—5 dollars is all it takes to join the club.

The remainder of the club price (\$272.50) is then payable at the rate of 1 dollar and 25 cents a week.

You may have the piano delivered at once, or later—just as you wish.

The weekly payments of 1 dollar and 25 cents do not necessarily begin until the piano is delivered, though you may, if you wish, keep up your weekly payments until you have your piano delivered if you do not want your piano until later.

Ethel: "What pleases me most of all is the fact that they actually sell Club Pianos just as they advertise to do."

Constance: "Well, you know it's the Fitzgerald Music Company, and they always do as they advertise, and if everything isn't just right you get your money back."

The life insurance feature of the club becomes operative when you begin your weekly payments. From that time on, should you die, the remaining unpaid payments will be cancelled forthwith and a receipt in full for the instrument turned over to your family.

## FREE Star collection of 50 old favorite songs

The membership books are now open and applications for membership are coming in rapidly. The number of applications to be accepted is limited, and we urge upon those who are interested in this big Club Offer to send for our booklet at once. Fill out the coupon in the lower right hand corner of this sheet, and mail to us at once—we will send you, absolutely free, and without obligation on your part, the handsome booklet, in colors, which explains the club plan in detail. If you will fill in the coupon today—right now—we'll include a book of Fifty Old Favorite Songs, with words and music, nicely bound. 'Tis better to get these booklets and learn all about the club than to "wish you had."

There are so many reasons why you should join the Fitzgerald piano club if you are thinking of buying a piano, that they cannot all be mentioned in one advertisement.

The thing to do is to investigate them. Go over them one by one with one of our salesmen who can explain them point by point to you.

A piano is something you do not buy every day—you owe it to yourself to look well into what you are getting before you do buy.

officers have profited in proportion." None of the men arrested today had any explanation to make, but a statement was given out by C. C. Galbraith, general manager of the United Wireless, which he said:

"The action of the Federal authorities will in no way affect the commercial business of the company. The difficulties in which stock salesmen may involve any stock company through unauthorized statements are well known to every one who has ever built up a business in which the sale of stocks is a factor."

Arthur M. Kling, counsel for the United, said tonight that for several months the Postoffice Department has been harassing the company. He distributed the prosecution to the discontent of certain stockholders who may have been unfairly treated by other stockholders who had no connection with him, with the company.

He disowned responsibility of advertisements of stocks, which he said had been put out by the New York Selling Agency, now defunct, over protest of the United management.

A Final Clean-up of High Class Tailored Suits

It is our policy to never carry over from one season to another anything in the way of ready-to-wear goods, or, for that matter, any other merchandise that may be affected by the changes of fashion. For that reason we offer today nearly four dozen—45, to be exact—handsome high grade tailored suits at an average of less than half price.

In styles represented, in materials, colors and workmanship these suits will bear comparison with the best shown in town.

Their duplicates brought \$50.00, \$62.50, \$67.50, \$70.00, \$80.00, \$87.50, and some even more.

Only 45 in the lot and no two alike, so make haste if you wish to see the assortment at its best.

Sale Thursday—Choice \$29.50

**BAD TASTE.**  
**CAMPAIGN WITH INVESTIGATION.**  
**MAYOR TAKES ADVANTAGE OF A WILMINGTON CROWD.**

He instructed the Citizens to Vote for Good Government Candidates When His Business Really Was to Look into Conditions of Places to Be Improved by City.

What started out to be an official investigation of certain needs of Wilmington and San Pedro by the Good Government administration ended in a campaign for Stewart and Whiffen, Goo-Goo candidates for Council. The mayor was the campaigner and he did not seem to realize that his introduction of politics was in bad taste.

The purpose of the trip by the Mayor, Council and City Engineer and other officials was, first, to determine the policy of raising the grade of a large part of Wilmington and, second, to investigate wharf tolls at San Pedro. Both were attended to, but each had its causal appendage of politics.

The officials reached Wilmington at 9:30 o'clock and were met by a committee headed by F. S. Carey, W. J. Woods, Mr. Eubanks, E. Opp, Hancock, Banning and others. Autos were added to add joy to the occasion and at noon a lunch with hot coffee was served at the City Hall, followed by a visit to the picturesque old Banning home as the guest of Hancock Banning. In fact the officials were royally entertained.

What Wilmington wants is a declaration by the city that it will raise the grade of all that part of the city south of Sixth street from five to seven feet, especially between Broadway and Main streets, and that the filling will be done by the harbor dredgers as proposed by the City Engineer, whose plan is now endorsed by the Wilmington property holders.

**WOULD WIDEN STREETS.**

Included with this is the construction of an adequate sewer system and the widening of Canal street for a short distance to eighty feet and also the widening of Seventh street, between Vermont avenue and the Pacific Electric tracks, to the same width. Seventh street is to be the thoroughfare to intercept traffic from the municipal harbor boulevard and distribute it in the city that Wilmington expects to be in a decade. The whole improvement scheme is basic for a city of 100,000 people, a great industrial and shipping region and the people are ready to pay the assessments necessary to make it so.

All they ask the city to do it to deposit the material that must be dredged to make Wilmington channel and the basin near the municipal wharves on the low land where the grade is to be raised. This will take 700,000 cubic yards of earth, which is not all the engineer estimates the dredgers will remove. But the dredging cannot be done until the harbor bonds are sold and it was this, according to the Mayor's explanation at the informal luncheon in the City Hall, that prevents official action now.

"The administration," quoth the Mayor, "has aroused the antagonism of certain public service corporations and they have been making it hard for us to finance the harbor scheme. But the city will, eventually, get the money on its bonds in spite of the opposition. Until that time the administration can make no official promise."

**WILMINGTON TO PAY.**

He said no part of the bond money could be used for widening streets, paying consequential damages for the changes of grade, or building sewers.

He was promptly told by Carey, Opp and others that Wilmington expects to pay for everything except the toll that must be dredged from the harbor and may be most economically deposited to all their city.

While no action was taken, it was the tacit understanding that the Council is to advance a grade and sewer proceedings and other the widening of Canal and Seventh streets to the final action and then act in the light of newer financial knowledge.

The people are willing to accept the grades fixed by the engineer and go ahead with building that has already been delayed for months, if the administration will only say what it will do about the filling.

After this meeting the Mayor called the Wilmington citizens together and said:

"There is an election on the 20th inst. and I am very much interested in it. If you expect good government and men you may trust, you must vote for the right candidates. If you do you will vote for Stewart and Whiffen. Now, the rest of you may call me down if you want to."

The "rest of them" were the other Goo-Goo officials. But a clam-like silence followed and the Wilmington citizens showed embarrassment. Hanging in front of the City Hall was a notice of the vote of Wilmington at the primaries this month where Stewart and Whiffen were low in the count. Seemingly Wilmington has already voted its doubts about further Goo-Goo candidates.

The visit to San Pedro was not involved in politics openly. Streets were inspected and the City Hall visited. To two irate telephone patrons, who objected to the raising of their rates, the Mayor promised relief next month.

**ELKS' BIG SHOW.**

Vaudeville With Trimmings is to Be Pulled Out to Help "White Squadron" on Trip.

The Elks' vaudeville entertainment to be given next Tuesday evening at the auditorium, to assist raising funds for the purpose of sending the famous "White Squadron" of Los Angeles Elks to the national convocation of the order in Detroit in July, boost Southern California and Los Angeles in particular, promises to be a record-breaking performance.

There will be over twenty all-star acts selected from the various theaters. Here are a few of the acts: Mile. Fougere and Mile. Anita from the Bristol Pier Cafe; In the latest Parisian novel, "The Apache Dance," from the Orpheum theater; Nell Lockwood, "The Entertainer" in monologue; from Al Levy's, "The Kristoff Trio," grand opera singers from Milan; Mile. Beatrice, the dancer from the Paris Comique; also two star acts from the Los Angeles Theater; a three-round boxing contest, a wrestling match and other star events too numerous to mention. Contributions are coming in daily, but as the expense of sending the "White Squadron" to Detroit is considerable the Elks are taking this method of helping to swell the fund. Various exhibits of Southern California products and enterprise will be taken along. The meeting of the Elks here last year gave California one of the biggest boosts she has ever received and this month the local Elks intend to make their special train a veritable advertisement on wheels. After leaving Detroit they will take in the Los Angeles, eastern cities, returning via the northern route. The trip to Detroit will be made over the Santa Fe.

The more for the monster benefit next Tuesday evening will be on sale Friday morning at the Auditorium box office on Fifth street. All seats will be sold at the uniform price of \$1.

... Seats for William Collier's engage-  
ment at the Mason Opera-house will be  
on sale this morning at 9 o'clock.  
From the number of mail orders re-  
ceived by the management so far, the  
prospect is that there will be great  
demand at the box office. Charles  
Frohman has given Mr. Collier's new  
farce "A Lucky Star," a scenic setting  
which is most elaborate. All of the  
four scenes are laid in Holland, and  
the picturesque Dutch landscapes and  
interiors border almost on the spec-  
tacular. Particularly worthy is the  
scene in the last act, which depicts  
a house-boat passing through one of  
the Dutch canals. The boat is a du-  
plicate of William Gillette's famous  
craft "The Aunt Polly."

E. Willard, a business man of Chicago,  
with his wife arrived in Los  
Angeles Tuesday. The arrival of the  
stork had been miscalculated, and Willard  
immediately ascribed his extraordi-  
nary luck to the climate here.

... "There is no use in talking," said he  
between spells in cigar-buying yester-  
day. "The climate of California is cer-

**Hydegrade Galateas**  
For Sturdy Service; 18c

The following is a little talk about a fabric with a  
very decided character; a serviceable wash goods  
that has distinctive style and finish and that lends  
itself to a variety of uses, one or more of which must  
interest you:

No other material can approach Hydegrade Galateas for a serviceable  
tub dress, or a rough-and-ready suit for mountains, country or sea-  
shore—equally suitable for golf, tennis, yachting, or an every-day  
walking skirt.

First to support this assertion is the fact that Hydegrade Galateas  
is the one and only goods of the kind that you need not be afraid  
to wash. It not only retains its beauty and luster, but acquires a  
new softness and fineness of texture after it is laundered that  
makes it decidedly more attractive.

Another "woven-in" quality of Hydegrade Galateas is that you cannot fade it  
by any ordinary wear, even right out in the sun. The colors are of such a  
character as to stay as nearly permanent as the finest dyes in the world can  
guarantee. Hydegrade Galateas washes like white goods and wears like iron.

The newest and most popular dress patterns of the season are adapted,  
from conventional designs to chic novelties, and behind each piece of goods  
sold is the reputation of over forty years. A Broadway window attractively  
displays a number of the prettiest patterns just now. . . . . 18c yard

**Hosiery Specials** **\$5.00 Switches**  
for \$2.50

Good staple hosiery, of the sorts carried  
in this store, never was buyable at lower  
prices than we are now asking—for today  
only, though:

Women's black cotton, full regular made, double  
sole, toe and heel hose, of regular 25c quality,  
today . . . . . 3 pairs for 50c

Children's fine 5x7 ribbed cotton hose: in tan or  
black; a very staple 25c quality, today only  
. . . . . 3 pairs for 30c

Our assortments of colored—and of course, black—  
hosiery, in cotton and lace and pure silk, never  
were better. In cotton and lace, prices begin at  
25c; in silk at \$1.00.

Few women can dress their hair after pre-  
vailing fashions without the addition of  
switches, or curls, or puffs. A very at-  
tractive special from our Hair Goods Sec-  
tion brings first-class switches to you for  
little cost:

Twenty-two and twenty-four-inch real hair switches,  
in all shades of brown; regularly \$5.00 and \$6.50,  
on special sale now for only . . . . . \$2.50  
Third Floor.

**Toilet Parlors**

On the Third Floor; modern in every respect, and beautifully appointed. Manicuring, 50c—3 for \$1.00.  
Shampooing, 50c. Hair Dressing, 50c; 3 for \$1.00. Scalp or Facial Treatments, \$1.00; 6 for \$5. Come  
in at any time, or telephone for appointments.

**French Chemise Only 75c!**

In years we haven't been able to offer a better value in lingerie than this which fol-  
lows:

French hand embroidered chemise, in a variety of patterns; hand embroidered scallop edges, and pretty  
patterns of flowers, scrolls, etc. Such garments are easily worth, and ought to bring, \$1.25 apiece; we  
have marked these . . . . . 75c

**Leather Bags for Less Than Usual**

This little line of really fine leather bags  
came to us at an unusual saving, and we  
want you to share in our good fortune:

Hand bags of real leather, black and colors, in  
various styles and leathers; every bag leather  
lined, frames of gilt or gunmetal, or covered with  
leather; in some of them, card and coin purses—  
in every one a coin purse; newest shapes and  
sizes, because these come direct from the manu-  
facturer; really worth \$4.50, on special sale at \$2.75.

**Fine Silk Petticoats for \$3**

Not a hint of "skiminess" or cheapness  
about these handsome silk petticoats which  
we propose to sell for three dollars! You'll  
notice their superiority over the average  
skirt at the price, the minute you see them  
—as you may, today, in a Broadway dis-  
play:

All sizes, too, not a limited range; and buyable in  
black, and light or dark solid colors—and in hand-  
some Dresdens and two-tone patterns, which are  
extremely fashionable now. Think of buying such  
skirts for only . . . . . \$3.00

## Permanent Cures

## Permanent Cares

# Piles, Fistula, Hernia and Varicose Veins

**MANY CASES PERMANENTLY CURED IN ONE TREATMENT.**

It may seem strange to you that I am able to cure these cases in one treatment while so many other doctors treat them for days, weeks and months and even then without effecting a cure. My large and special experience along these cases has fitted me to do this work without resorting to experiment, and the hundreds of cures I have effected are the best proof of my ability to do just as I claim. I know just what is to be done in each case, and lose no time in doing it. You do not suffer any pain or loss of time, and can keep right on attending to your business without the slightest inconvenience. My cures are not only for the time being, but I guarantee them to be permanent.

Just think what it means to you. Think of the time and worry you save.

**N. S. CHENOWETH M.D.**  
**THE MASTER SPECIALIST.**  
The man who has been called the Master Specialist, there is one reason of me in May, 1910, and is a perfect likeness. I do not hide under a false name, nor publish false pictures, nor make a false statement of any kind. I personally conduct my own office, see my patients, and treat them personally from the time they come to me until I have cured them or until I have a competent assistant to treat my patients after their first visit. It is important for the patient to know this fact, for no matter how much a specialist may know and how much he may know of the human body, nor can any other doctor do things exactly as he does. This has been my

and myself to treat my patients at any time and for any fee that the man who comes to me may feel that is entitled and to receive my personal attention and should not be asked to pay for it. My only statement by me or any other specialist that I am, or he is, the greatest specialist in the world is a statement that I regret it is not backed up by years of experience and the knowledge of the right kind of experience. Fifty years of experience, if it was not the right kind of experience, would be as much as a doctor, and less value to a patient, than a few years of the right kind of success. The number of times you will only make you a greater menace to the world, and to the patient, if you unfortunately come to us for advice and treatment. Do not take for granted the fact that you are a specialist. The gate for yourself and safety yourself is to get the right kind of advice before you begin treatment and not after, when it is too late, and the harm has been done. Do not let the fact that you save yourself or the bitter disappointment of the patient who has been misled, have been humbugged by so-called

**WHO IS DR. CHENOWETH?**

I am the oldest licensed and longest established specialist in California. I was born in 1860 at the largest medical college in the United States. I was physician in outdoor clinic at John's Bay, San Francisco; surgeon at the railway surgeons on Hawaiian Islands; American Medical Society since 1907; author and publisher of medical journals; and have been practicing for over 40 years of experience, the right kind of experience, together with the cures have made me famous all over the world. Master Specialist.

**BEFORE BEGINNING TREATMENT**

Before beginning treatment elsewhere take my friendly advice and ask the doctor if he will give you the medicine to cure you, and then be sure he shows you the price of the prescription. If he does nothing, promise and guarantee without ability behind them are of no value. Be satisfied and begin your treatment it

**VARIOUS VEINS**

Various causes may develop but man vitally than many other animals put together. They snap up the strength of their muscles and nerves and pump their various veins and you leave abjectly well. Only a few cases are usually cured by the use of my treatment. Months of endless doctoring, but in many cases the patient has to pay for his cure you without the least of time, pain whatever and no finer results.

Constipation is the mother of many diseases. The clinging up of the bowels is the best cause of depression, and indisposition to do anything. It is the worst enemy we have.

Drug store remedies may give temporary relief, but why take medicines which do not cure? My treatment cures constipation forever. Neglect gives birth to Piles, Prolapsus, Hemorrhoids, Stricture, etc., and I want to tell of them all. My treatment

I urge you to make proper provision for the future, and avoid the possibility of being overwhelmed by the expense of a serious illness. I guarantee to cure these diseases for as little as I say I do, or refund every dollar paid to me. If I fail, the fault is mine, not yours. Why should you pay? I have no other treatment. I do not treat by mail. All patients must come to the office for treatment.

**Free Consultation and Advice**

I offer not only FREE Consultation and Advice, but of every case that comes to me I will make a Careful Examination and Diagnosis without charge. Ailing persons should not neglect this opportunity to get expert opinion about their trouble.

My offices are open all day from 9 a.m. to 9 p.m. and Family from 10 to 12.

## W. W. W. SPRING TONIC

Most persons, even those who are ordinarily strong and healthy, need a little blood purifier in the Spring. Some have no particular ailment, but a weak, debilitated and run-down. Winter life with its decreased amount of outdoor exercise, and the fact that cold weather has kept the pores of the skin closed, prevented the proper amount of waste and refuse matter from being expelled from the system. These impurities entering the circulation have thinned and weakened the blood, and the body therefore does not receive a sufficient amount of blood nourishment. The general bodily weakness, tired feeling, debility, indigestion, poor digestion, etc., show how and why the blood has become impure. Sores, pimples, eruptions, etc., break out and this is evidence of the impurity of the circulation. W. W. W. is the best Spring tonic, because it is the greatest of all blood purifiers. It is the only medicine on which you can rely to supply the system with the needed tonic effects and at the same time purify and enrich your blood. The use of W. W. W. at this time may save you from a long spell of sickness, and it will certainly prepare you for the strain of the new year.

Summer. S. S. S. is made entirely from roots, herbs and barks; it is pleasant, pure and healthful. It regulates digestion, tones up the stomach, improves the appetite and promotes strong, vigorous health. This will be proved by trying season if you use S. S. S. for your system.
